ITALY'S UNYIELDING ATTITUDE BRINGS ABOUT A GRAVE CRISIS

AMERICA'S SHARE OF CAPTURED SUBMARINES ARRIVES IN THE U. S.

A group of captured German submarines at a dock ready for inspection of the public.

The U. S. S. Bushnell has just returned to the United States with America's share of the German submarine navy. The undersen-

craft have been painted and overhauled and now looms much more respectable than they did on the day they were surrendered. The

boats are now moored along the docks in New York ready for the inspection by thousands of New Yorkers and visitors.

GLOOM SETTLING OVER GERMAN OFFICIALS WHO ARE COUNTING THE COST

Leading Germans Now Hold No Illusions as to Dictatorial Terms

INSIST ON WILSON POINTS Action of Council of Four Surprises Huns

(By Associated Press) Berlin, April 21.—The cabinet devoted less than half an hour to the formulation of its answer to the Entente's invitation to Versailles for the purpose of receiving the peace terms.

A feeling of gloom prevailed in official sections and the Associated Press is told that there are no illusions as to obtaining any mitigation in the dictatorial peace awaiting Germany.

The procedure of the council of four came as a surprise and is interpreted here as final proof that the Entente is disinclined to enter into negotiations based upon President Wilson's fourteen points.

Official opinion so far adduced is opposed to the declaration of a referendum and is in favor of a pre-emptory declaration of peace terms based on any other proposition than Mr. Wilson's platform.

VICTORY DRIVE IS MAKING HEADWAY IN THIS DISTRICT

Three Counties Already "Over the Top"

Many Communities Work Before Drive Begins

(By Associated Press) Cleveland, O., April 21.—Although the victory loan campaign did not formally open until today, official reports from the Fourth Federal Reserve District showed three counties have already gone over the top by oversubscribing their quotas.

They are: Boros, Kentucky, and Miami county, Ohio, in the Cincinnati area, and Morrow county, Ohio, in the Cleveland area.

The village of Baltimore, Ohio, in Fairfield county, pledged its quota before the opening hour today.

PREPARE PLANS FOR PUBLISHING TEXT OF TREATY

The Contents of Treaty Will be Given to Public as Soon as Handed to Huns

HAS ABOUT 100,000 WORDS First Summary to Contain 250 Words, is Plan

(By Associated Press) Paris, April 21.—The council of four of the peace conference within the interval when the peace treaty is handed to the German delegates will take up the question of making the document public.

Ray S. Baker, representing the American delegation, in agreement with the press advisers to the delegation of other countries, has recommended to the council the publication of the text immediately after its delivery to the Germans. Otherwise, it is pointed out, the first version of the important provisions of the treaty would be issued by the Germans and might be loaded up with German propaganda.

The plan proposed on behalf of the United States is for the American delegations to cable for simultaneous distribution on the American continent, first—a 250 word initial summary of the treaty; second—a 5,000 word official summary and third—the text of the treaty.

The text of the covenant of the League of Nations has already been telegraphed to Washington for release when authorized by President Wilson, other parts of the treaty are likely to be cabled during the present week.

The final dispatch which may count up to nearly 100,000 words can be cabled in four or five hours if all cable lines are cleared for the purpose.

CLAIM ALLIANCE PLAN IS GROWING

Paris, April 21.—(Associated Press)—The announcement that the German government would send delegates without full powers to the peace conference has contributed greatly toward an alliance between France, Great Britain and the United States, it is claimed in French circles.

The French insist negotiations looking toward such an alliance are still in progress.

OHIO VETERANS BACK FROM ITALY PARADE IN N. Y.

332nd Take Part in Big Demonstration Before Leaving for Ohio

Medals Presented by Noted Italian

(By Associated Press) New York, April 21.—American veterans of the Piave campaign which forced Austria to her knees, comprising the only Yankee regiment that saw service in Italy—Ohio soldiers of the 332nd infantry—paraded here on Fifth Avenue today in the presence of tens of thousands of New Yorkers and large delegations from their home state.

The soldiers were received at Central Park by General Guglielmotti, of the Italian Embassy, who presented to the regiment and Colonel Wallace, its commander, medals commemorative of the Americans' service in Italy.

(Special to The Herald)

Chillicothe, O., April 21.—Two women, giving the names of Goldie Stratton and Florence Morrison, one of whom claims to have a husband in France, were arrested here Saturday night in company with soldiers at Hotel Sherman, and are being held for clinical examination. They are from Washington C. H.

President Wilson Declines to Attend Sessions Where Secret Treaty Provisions, Cause of Italian Stubbornness, Are Discussed.

WILL MEET PREMIERS LATER TODAY

Italian Parliament Meeting is Postponed Because of Failure to Agree on Fiume Problem.

PEACE TREATY WILL NOT BE READY FRIDAY

Germany Has Not Replied to Ultimatum on Sending of Qualified Delegates—Bolsheviks Lose.

THINK TREATY WILL BE DELAYED

PARIS, APRIL 21.—(Associated Press)—Grave doubts were expressed today whether the perfected peace treaty would be presented to the German representatives the coming Friday. While the treaty will be communicated to them in substance it was said in well informed quarters, it would be physically impossible to prepare the document to present it in its complete, final form in the four days remaining.

Premiers Lloyd George, Clemenceau and Orlando met again this morning and resumed consideration of the Adriatic question. President Wilson absented himself from the conference, but it was announced he would attend the meeting this afternoon.

(By Associated Press)

The Italian parliament which was to have met on Wednesday of this week, will not convene until Tuesday, May 6th. This postponement has evidently been caused by failure of the council of four to reach, as yet, any solution of the problem raised by Italy's claims to Fiume and the Dalmatian coast.

Dispatches from Paris indicate the situation caused by Italy's unyielding attitude has reached a critical phase. News from the conference shows representatives of Great Britain, France and Italy, the three nations, together with Russia, signatory of the treaty of London, framed at London in 1915 before Italy entered the war, were in conference Sunday, but President Wilson did not attend.

President Wilson has stood out against recognition of the treaty of London, upon which Italy's territorial claims are based, and his absence yet today probably was caused by the fact that the Italians are invoking that convention in support of their territorial claims.

In spite of the warning sent to Germany by the peace conference that her delegates must not be "mere messengers," Germany has selected rather unimportant persons to go to Versailles.

Berlin advices say these men will have the power merely to receive the peace terms and take them to Berlin where the German cabinet will then accept or reject them or submit them to the people.

Dispatches from Paris reflect a rather positive attitude on the part of the peace conference which, it is said, will inform Germany that the men she sends to Versailles must have power to sign the treaty of peace.

The German reply to the ultimatum that it will not receive any German delegation not fully empowered to negotiate peace is awaited anxiously for the next step toward peace depends on the German reply.

Bolshevism is again on the back track on the western Ukrainian front, the strength of the Soviet forces having been apparently concentrated in the effort to overrun the Crimea, which has been unsuccessful. The cities of Zhitomir and Proskurov in the Ukraine have been retaken from the Bolsheviks by forces commanded by Simon Petlura, the Ukrainian peasant leader. It is announced 10,000 Bolshevik soldiers have deserted in a body and joined the Ukrainians.

In northern Russia Bolshevik forces are in retreat and are being closely pursued by the British, Americans and Russians.

Vienna is in the hands of Soviet adherents. It appears the transfer of authority was brought about without disorder or bloodshed.

Munich probably is still held by Soviet forces although the German government forces are being reinforced.

SOCIALISTS CONVENE

Paris, April 21.—A national convention of the Socialist party of France was opened here Sunday with a large attendance, including many women and a considerable number of foreign Socialists, principally English.

A few minutes later Admiral Sims, from the platform addressed the same audience through the amplifier.

Not a ripple of excitement was apparent today at the Treasury on the opening of the victory loan selling campaign.

RUSSIAN NEEDS MADE PUBLIC

(By Associated Press) Washington, April 21.—The Russian embassy here made public today the outline of the plan presented to the peace conference by Russian representatives at Paris to solve the Russian problem.

It asks recognition as defacto of all national authority who are inspired by democratic ideals and enjoy the support of the population pending the setting up of a federation of Russian states.

(By Associated Press) Stanardsville, Va., April 21.—Edgar Morris, desperate clansman who for three weeks has been in hiding defying the sheriff and his deputies for seeking to arrest him for murder, failed to carry out his reported threat to appear in the Greene county court today, and with his clansmen shoot up the court if he were indicted for the murder.

Presence of state militia here had a quieting effect.

CHURCHES CELEBRATE ON EASTER SUNDAY

Easter morning dawned in radiant splendor—a wonderful day for the Easter promenade and blue skies and bright sunshine, together with the lateness of the season brought out an unusual number of Easter hats and new spring costumes. Everywhere was color and life.

In the churches the Easter spirit found its happiest exemplification, with many hundreds of worshippers assembled, triumphant psalms to the Risen Christ; a wealth of artistic Easter decoration, and the city ministers preaching sermons eloquent with the wonder and hope of the Easter day.

First Presbyterian Church.

With a Sunday school Easter program that recorded itself as one of the prettiest ever given, the services at the First Presbyterian church were auspiciously opened in the morning.

The tiny tots of the Primary department were little human flowers that captivated every spectator as they went through their exercises amazingly well, in charge of Misses Emily Palmer, Phyllis Davis and Zula Hoy.

They were framed in a rarely elaborate and effective piece of Easter pulpit decorating, the work of Miss Clara, Messrs. Elmer and Raymond Zimmerman, and which added much to the beauty of the church services.

This choir supplemented Rev. J. L. McWilliams' eloquent morning sermon on "The Impossible Tomb," with joyous anthems and a duet; "A Vision of Angels," Miss Woodward and Mr. Kibler, that was one of the most beautiful numbers of the entire Easter program.

The climax of a perfect day was the superb rendering of the cantata: "The Dawn of the Kingdom"—J. Truman Wolcott—by a very large choir in the evening.

Wonderfully melodious, the cantata conforms to the style of lyric poetry as given in Oratorio, the recitatives taken by the soloists, and very beautiful in both thought and expression. The chorus work was very heavy and the splendid way in which the choir rose to its demands was highly creditable to the ability and co-operation of the director, Miss Ada Woodward, whose brilliant, high soprano was of immense assistance in both chorus and solo work.

The solos were admirably taken by Mrs. Ernest Harvey, Miss Woodward, Messrs. Kibler, Rankin, Paul, Wm. Henry Edwards, Harvey.

Preceding the cantata there were two beautiful vocal solos—Mrs. Ernest Harvey sang a very difficult high soprano solo: "Repent Ye," Scott, with much brilliancy; and Mrs. Arthur Burgett's lovely contralto lent itself sympathetically to the solo: "As It Began to Dawn," Combs.

Mrs. Lillie G. Davis shared with Miss Woodward in the plaudits aroused by the cantata, her organ work in both accompaniments and solo magnificently done and at both morning and evening services adding greatly to the success of the music.

Grace M. E.

Easter Sunday was observed at the Methodist Episcopal church with four services, opening in the morning with the Sunrise Prayer service led by Mrs. D. H. Rowe.

At the regular Sunday school hour the children presented a very attractive program consisting of songs, recitations, review of the Centenary under the direction of Mrs. F. G. Carpenter, and closed with a pantomime, "Rock of Ages." A special feature of this service was the annual Easter missionary offering which amounted to \$165.60.

Dr. Blackmore, a medical missionary, who has established a mission in Africa, but is now aiding in the Centenary movement, before returning to Africa, gave an excellent talk on missions, at the regular morning service. The choir rendered a pretty anthem: "Easter Dawn."

The cantata: "The Resurrection Hope," by C. B. Adams, was given in the evening by the choir, with solo parts exceptionally well taken by Miss Jessie Sunkle, soprano, Miss Helen Teeters, contralto, Mr. Maynard Craig, tenor, Mr. C. S. Haver, baritone.

"Vision of Angels," a duet by Miss Sunkle and Mr. Craig, was a favorite number. The cantata was bright and buoyant; the choruses splendidly sung with good expression and showed the excellent training of the chorister, Miss Elizabeth Sheen.

Preceding the cantata, Miss Edith Gardner sang effectively "Hosanna," with Miss Helen Teeters accompanying.

ing her on the piano and Miss Minnie Light at the organ.

Miss Light's fine organ work was a feature of the excellent program.

Church of Christ.

At the close of the services Sunday night at the Church of Christ the pastor announced that the week just closing had been one of the most successful during his ministry in this city. Regardless of the fact that there was rain on four of the seven nights during the special pre-Easter service, the attendance had been exceptionally large. With the exception of the four evenings when Mr. G. B. Dunning, pastor of the Church of Christ at Sabina, assisted in leading the music, the meeting was carried on with "home forces." Two large choirs of young people by their loyalty added much to the inspiration of the services.

Some of the gratifying achievements of the week were the receiving of many new members into the church, the largest number at Bible school recorded during the year, the splendid Easter program in the morning, the excellent special song service in the evening and the deepening of the spiritual life of the church.

The Ladies' Aid also had been active and one of the most successful bazaars in the history of their organization, clearing in the neighborhood of \$110, which will be offered to the Building Fund for a new church. The week will be remembered as one of achievement, delightful fellowship, and inspiration.

The choruses and solos of the song service were beautiful and worthy of special mention, with Chorister Clifford Irvin in charge, and Mrs. W. E. Robinson at the piano. The soloists were Mesdames Wiley, Herbert Campbell, Misses Jane Williams and Ruth Culbertson.

McNair Memorial Church.

The Easter morning service at the McNair Memorial church included communion, reception of new members and the ordinance of baptism administered by the pastor, Rev. D. H. Rejs.

The evening service was very attractive, the first part presented by the Sunday school and the second part by the choir under the able direction of the chorister, Mr. E. E. Bush, and Miss Beulah Elliott at the piano. The choruses were beautiful and the solos well sung by Miss Edith Barnes, Mrs. Carey Cripps, Mrs. Carey Lydy.

The Sunday school exercises were very taking, the Primary children giving pretty songs and recitations and two special features, a Rainbow Bible Drill by thirteen girls and an interesting Easter playlet with a helpful lesson, "A War-Time Easter."

Mrs. Will Craig was assisted by Mrs. Sherman Reeder and Miss Edith Barnes in putting on this part of the program.

St. Colman's Church

The joyful pean of Easter was ushered in, at St. Colman's Church by the celebration of two impressive services, the first at seven thirty, and the last at nine-thirty.

Long before the hour set for the early morning service, the auditorium was crowded to the doors. Every available pew, being taken by members and friends from this city and surrounding country.

The altars were decorated with shell pink and white carnations, snap dragons, Easter lilies, hyacinths, Tulips, Easter's choicest flowers. Tiny electric lights, tall cathedral candles and waxen tapers glowed among them, forming a very effective background.

The pastor, at the close of the service warmly thanked the people, congratulating them on the fidelity they had shown during the Holy Season of Lent.

The musical program under the direction of Miss Margaret McDonald added to the beauty of the service.

Mass in honor of St. Peter was rendered, solo parts being taken by Misses Elizabeth and Laura Smith, Olive Hillery, Mary Shannon, Alice Boylan, Mary Josephine Cullen, Georgiana Snider, Thomas Cullen, Edward Cullen, James, Aloysius and Augustine McDonald.

The late service was also well attended by a large crowd of people, the choir rendering Easter hymns during Mass and the pastor preaching upon the lessons to be drawn from the Resurrection. The service closed with the Benediction of the Blessed Sacrament and the singing of the hymn, "God of Might" by choir and congregation.

St. Andrew's Episcopal

St. Andrew's Episcopal Church observed Easter with much impressiveness in pro-communion services at 6:30 and 10:30 Sunday morning. At the second service the rector, Dr. David W. Barre stilled his congregation to hushed appreciation in the beauty of his Easter discourse, emphasizing the distinctive significance of this Easter of 1919.

A full vested choir, well trained by the director, Miss Jessie Leavell, sang joyous Easter anthems, Miss Helen Harper at the organ.

Wonderfully beautiful were the altars, with their white and gold hang-

ings, and lighted candles burning amid stately Easter lilies and starry narcissi. The special feature of the decorations was a lovely memorial of Easter flowers presented by Mr. and Mrs. W. A. Tharp in memory of their daughter, Marie, who was the efficient church organist as long as her health permitted. Each member of the choir and the pianist wore in honor of this young girl white carnations, also presented by her parents.

First Baptist Church

The morning service of the First Baptist Church was marked by baptismal service, fine Easter sermon by the pastor, Rev. C. R. Ferguson, and the receiving of Rev. and Mrs. Ferguson, and Miss Ethel Powell into the Church by letter.

The first part of the evening service was given by the little tots of the Primary department in cunning recitations and songs, followed by a beautiful Lily Drill, given by sixteen young girls dressed in white singing Easter Anthems while they marched.

The second part of the program was a very beautiful tableau, "Easter-tide" elaborately staged and splendidly given. There were seven tableaux in all, Mrs. Walter McLean, Mrs. Jack Boyd, and Mrs. William Kerr sang the solo parts and Mrs. Charles F. Ballard gave the reading. Miss Ethel Powell played the piano accompaniments and Miss Helen Dixon, the violin.

The stage was transformed by the aid of scenic effects and a profusion of ferns and palms to represent the exterior of the Palace. Mrs. Jack Boyd prefaced the opening scene, by the song of "Easter" very impressively, when the lights were turned low, with violin accompaniment.

The leading roles were taken by Miss Margaret Tilton, as Mary the mother of Christ, Miss Ruth Davenport the other Mary, Miss Helen Russell, Mary Magdalene; Gertrude Carr and Dorothy Kneisley, Angels, each carrying an armful of lilies; Mr. Robert McLean, John; Mr. John Case, Peter and Miss Vassel Mangle as the Damsel.

For the tableau the stage depicted "The Tomb." The first scene was especially effective, "The Damsel appearing to Peter." Miss Mangle was beautiful as the Damsel, and Miss Margaret Tilton was a perfect Madonna.

The other scenes pertained to the "Resurrection of the Lord."

Mrs. Howard McLean, who had the program in charge was highly complimented upon her excellent management and training. She was ably assisted by Miss Ruth Davenport, leader of the Primary program, and Mrs. Charles F. Ballard.

Wesley Chapel

The Wesley Chapel Sunday School presented a very interesting Centenary program, Sunday afternoon. A flag drill by the Junior Girls' Class was a particularly pretty feature of the afternoon.

Songs and recitations by the little folks were especially enjoyed and Rev. Arthur P. Cherrington made an excellent talk.

Misses Emma Davis, Mary Hyer, and Lena Householder were the committee assisted by Miss Mary Edge.

NOTABLES IN CITY ATTEND LUNCHEON

A very pleasant event of Monday noon was a luncheon given by the Sunlight Creameries to some 15 of their field men and office managers, at the Arlington, a tempting chicken dinner being served and a few after-luncheon speeches adding to the pleasure of the occasion.

Guests of the Sunlight Creameries included Attorney General John G. Price, of Columbus, and Messrs. McGrath, builders of Camp Sherman, and Mr. Jess W. Smith, all of whom delivered short speeches.

Attorney General Price stated that the community should feel fortunate indeed to have such a large concern locate in its midst, inasmuch as it would mean a great deal to the farmers, and to the business interests of the city. He predicted a tremendous sale for buttermilk after Ohio goes dry, and heartily indorsed it as a beneficial drink.

Messrs. McGrath spoke briefly on the construction of Camp Sherman and other matters of interest to those present, while Mr. Smith assured the Sunlight management of the hearty co-operation of business interests of the city, and stated that the business men generally realized to some extent the great benefits that would be derived by business interests because of the firm locating here.

CARD OF THANKS.

The Ladies' Aid of the Church of Christ feel very grateful for the support and patronage granted them in their Easter Bazaar. It was the most successful bazaar ever held by this organization and the ladies fully appreciate the many favors accorded them.

Easter

Not in many centuries, if ever before, has the observance of Easter been more universal in form and spirit—more beautiful, more sincere—throughout the Christian world than this year.

The world, emerging from the dark days of war and misery, is entering upon an era of peace and plenty, good will and justice between men and nations determined upon the adoption and enforcement of a pact which will bring humanity more nearly within the teachings of the Prince of Peace, than ever before in all human history.

Through more than nineteen centuries since the stone was found rolled away from the sepulcher on the morning of the resurrection and that little band of followers of the Nazarene went forth into all the world to preach brotherly love and peace, humanity has been struggling forward to attain the goal. This year, after the greatest conflict of all times, sees the great nations and the great peoples of the earth approaching the solution of the international problems with a spirit of justice and humanity which has never obtained before.

The Christian world has fixed the day upon which the commemoration of the resurrection is observed as coincident with the ancient feast season celebrating the coming of spring and coincident with the old Feast of the Passover, the date of which is established in the old testament.

The Christian world has never been able to fix the exact calendar date of the resurrection, but knowing that the Savior was observing the Feast of the Passover when he was betrayed by Judas and taken by his enemies before Pilot, the approximate date was made susceptible of definite ascertainment as to the season.

Easter denotes the glorious entrance upon a new era of life and vigor. Man and nature at that season lay aside the somber garb of winter, distress and self-denial and enter upon the future, having concluded the giving of thanks for the mercies of God, with new ambitions and new hopes.

Each year after the season of quiet, repentance and fasting humanity on Easter begins the task of upright living anew with the coming of another season of opportunity.

Yesterday it seemed that nature and humanity had more to look forward to than at any one of the Easter Sundays that have passed in the long line of years that have been merged by time into the dim recesses of the centuries.

They Can Act

The quick time made by the General Assembly of Ohio in enacting legislation against Bolsheviki agitators and Hun propagandists is proof that the legislators can move along with their work when they have a mood to do so.

The public of the state demanded, in no uncertain tone that the necessary legislation be enacted and that at once. The legislators both heard and heeded that demand. There was a disposition among some of the more bitter partisans to show the resentment they felt towards the governor for rushing to the public with a threat that it the assembly did not act promptly he would take the stump and denounce the members. The law-makers who felt offended at the governor threatened to balk and hold up the legislation just to spite the governor, but wiser counsel prevailed and the legislation was enacted.

Disarming The Huns

Marshal Foch is firm in his insistence that the highwayman and robber among the nations should be disarmed and rendered incapable of again running amuck in the world. The great Marshal of France does not assert that, in the years to come, a century or two, the future generations of Huns will not be a different people—he does not assert that coming generations of the Huns will not show an improvement over the present aggregation. On that subject he is silent, thus far not having ventured any optimistic opinion as to what the result of our efforts to reform the Huns will be. While the process of reformation goes on, however, Marshal Foch does not believe in taking any chances. He, evidently, believes that the slow process of reformation may go along in the passing years just as well if the capacity to do harm is taken away from the German nation.

France has lived too long under the shadow of the great military institution of Germany to become a convert in a few short months to the idealistic belief that the present generation of Germans can be made to see and act correctly if they have the power to do wrong.

With the Rhine fortresses demolished and a great neutral zone on either side of the river France and the world will be guaranteed against another raid by the warlike tribes of the Prussian plains.

Germany can't consistently complain when the world demands protection and the day when Germany can inconsistently do things has passed.

POETRY FOR TODAY

A PRAYER

Nameless the thing we have suffered
and shameless the things we have
wrought.

We have borrowed the devil's weapons,
we have used the guile that
he taught.

For the things that our souls have
hated and for lies that our lips
abhorred.

For the blood, the lust and the passion,
grant thy forgiveness, Lord.

Yea, not by the things which we
loathed, but by the cause which
we loved.

Not by our doubts of thy mercy but
by our faith which we proved.

Judge us, O Lord, in thy pity,
remembering we are but dust.

And that though our ways may be
crooked, we have not broken our
trust.

For it seemed that Thy cause was
challenged, and we saw no better
way.

Than the way of the brute to serve
It—to raven, to hate and to slay;
So when Thou sittest in judgement
on the things that our souls ab-

horred,
By Thy prayer for those that
knew not, remember Thy children,
Lord.

ONLY TEN DAYS FOR TAX RETURNS

Only ten days remain in which tax returns may be made, and County Auditor Pine announces that after that time no exemptions will be allowed, and where it is necessary to hunt up tax lists, the penalty will be added as provided by law.

So far the returns have been coming in rather slow, and as a result the rush from now until May 1st will work a hardship on the Auditor and his corps of assistants, and probably cause many to stand in line and wait, where they are seeking assistance in filling out the blanks.

The law provides that where returns are not filed by May 1st that no exemptions will be allowed.

JUAREZ OASIS IN GREAT DESERT

(By Associated Press)
El Paso, Texas, April 21.—Juarez, the Mexican metropolis of border towns, has become the oasis in the great American prohibition desert.

On Calle Comercio, the number of saloons has increased since the operation of the Texas ten-mile military zone law until every other door opens into a barroom. Barrels of American-made whiskey and wine are offered to persons permitted to cross the border under prevailing passport regulations.

Many of the old time El Paso saloon keepers who were familiar figures at famous and notorious places here have donned white aprons in Juarez. Bars and fixtures from El Paso have been set up in Juarez, slot machines have been installed and, except for the preponderance of Mexican idlers, a visitor would think he is in an El Paso bar of former years.

Bootlegging the hand maid of the border saloon, is becoming an important industry. American authorities have discovered that Mexican servants, wash women and street laborers who cross to El Paso each morning carry contraband liquor in quantities and are making far more money through its disposal than they are from their labors.

The prosperous Mexican saloon keepers say that a return to normal passport regulations will make Juarez the mecca of sporting men from the United States.

HARD ON SHOES? THEN READ THIS

"I marched through the mud of Flanders, through a large part of the Lorraine sector, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but the Neolin Soles look as if they had another five good months of wear left in them." Written by Lieut. Edgerly Austin, American Expeditionary Forces, France—October 17th, 1918.

There is exceptional service. All army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to cut their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores in many good styles for men, women and children.

Or have your old shoes re-bottomed with Neolin Soles. You will find these scientifically made soles are comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

News of Interest to Women

Against a background of the stars and stripes, the flags of the allies forming effective decoration, and the military note predominating, Gladys Geraldine Hubbard, daughter of Mr. and Mrs. R. C. Teft, of Milledgeville became the bride of Corporal William H. Kerns, of South Solon, Saturday afternoon.

The ceremony was performed by Rev. J. L. McWilliams, of the First Presbyterian Church of this city, at half past one o'clock in the Methodist Protestant church of Milledgeville and was witnessed by a large gathering of relatives and friends of the young soldier and his pretty bride.

It was a military wedding in the fullest sense with veterans of the Grand Army of the Republic attending in a body and two chosen from its ranks, Messrs. H. T. Duff and A. G. Shaff, supporting the immense flag before which the bride and bridegroom took their places. The bridegroom, the pianist, the ushers and best man all wore the khaki uniforms of the United States Army, from which they had recently received honorable discharges, and the service flag marked a seat near the altar made vacant because of the continued absence of the bride's brother who is with the army of occupation in Germany.

Just before the appointed hour Miss Dorothy Parrett, of this city, sang beautifully "Oh Promise Me," accompanied by Mr. Willard Chamberlain, of Milledgeville, a talented pianist who followed with MacDowell's "To a Wild Rose" and Lohegrin's Bridal Chorus as the Processional.

The ushers, Messrs. Walter Weaver, Arthur Rothrock, Ira Barchet, of this city, and Carey Gidding, led the way for the attendants, forming an elaborate bridal tableau around the center figures of the bride and bridegroom, the maid of honor and the best man, as they grouped before the minister at the altar.

The bride was a picture in her gown of white satin and georgette, with beaded trimming long veil, fastened to her fair hair with band of rose buds and her arms filled with Easter lilies. She came in on the arm of her father.

The maid of honor, Miss Ruth Simmerman, of South Solon, was gowned in embroidered champagne georgette, with picture hat, and carried bride's roses. The maids were beautifully gowned in pink and Rob-in's egg blue over silver and carried bouquets of sweet peas in pastel shades. Their hats were made by the bride an original idea carried out.

They were Misses Margaret Wilson, Marian Huston, Iva Kerns, of South Solon, and Miss Mildred Harless, of De Graff.

Little Marjory McCoy and Gladys Acton, in dainty white frocks, were winsome flower girls and Robert Fichthorn a handsome little ring

bearer, carrying the ring on a small flag.

The bridegroom was accompanied by Mr. Lester Knowles, of South Solon, as best man.

Rev. McWilliams performed the impressive ring ceremony at the close of which "The Star Spangled Banner" was played as a Recessional and the young couple passed to the church vestibule, where congratulations were received.

A reception followed at the I. O. O. F. hall, where the national colors were elaborately used in decoration, and guests lingered to offer their felicitations to the manly young soldier and his sweet young bride.

Dainty refreshments were served, the feature of which was a large bride's cake, decorated with red, white and blue and suspended above it by ropes of the national colors a wedding bell. It was cut by the bride with a small sword.

The entire wedding was unusual, marked by features out of the ordinary and incidental to the war epoch now ending.

Assisting in the hospitalities of the reception were Mesdames Chas. Ford, Ewing Fichthorn, H. V. Hankins, Frank Powers, Misses Clara Lutz, Helen Chamberlain, Cleo Besch, Iris Coyle, and Sollars.

The bride's gift to the maid of honor was a gold bouquet holder; to the bride's maids and singer, lingerie clasp; to the ring bearer and flower girls Easter favors. The groom's gifts to the best man, ushers and pianist were scarf pins. The young couple received quite a number of handsome wedding gifts.

Mr. Kerns is now teaching at South Solon and, for the present the young couple will make their home in that section. They have the best wishes of a widely extended circle of friends.

The out of town guests present were: Miss Daisy Gordon, of Springfield; Mr. and Mrs. Brant, of Springfield; County Supt. Mr. Dick, of London; Dr. and Mrs. Wilson, of South Solon; Edwin Gordon, of Westville; Mrs. Harvey Kerns, of South Solon; Prof. Stanley McCoy and wife, of South Solon; Mrs. Rev. Clarence Bennett, Mr. Clyde Rowand and daughter Clyone, of South Solon; Miss Ercil Hutson, of South Solon; Miss Meta Rader, of South Charleston; Mr. Harry Theobald, South Solon; Mr. Robert Gossard, South Solon; Mr. Dwight Evans, South Solon; Mr. Emmitt and Clement Simmerman; Miss Winifred Stover, of South Solon; Mrs. Harry Stover, South Solon; Mrs. Joe Armstrong and daughters, Lola and Bertha, of Jeffersonville; Mrs. Bessie Friend, DeGraff; Miss Bernice Friend, DeGraff; Miss Mildred Harless, of DeGraff (bridesmaid); Mrs. Rev. PULLING OUT BIG TREES IN HEDGE

The work of removing the large hedge trees which formerly took the place of a fence, in the bottom lands immediately northwest of the B. & O. coal dump in this city, is attracting some attention because of the great strength required for the feat.

The work is being done for Elton Thornton and a stump, or tree puller is being used, and a traction engine furnishes the power required for the work. The large hedge trees are being torn out by root at a surprisingly rapid rate.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

LOCAL CONCERN NOW BRANCH OF HUGE BAG FIRM

The Millers and Manufacturers Service Company
Affiliates With Knicker-
Bocker Bag Co., of N. Y.

Growth of Industry Here
Now Fully Assured.

The Millers and Manufacturers Service Company, of this city, L. A. McCoy general manager, is now affiliated with The Knickerbocker Bag Company, the largest concern in America dealing in reclaimed and new burlap and cotton bags.

The deal, recently closed by Manager McCoy, makes this city one of five points in which a branch of the concern is located, the headquarters being in New York and other plants in St. Louis, Denver and Minneapolis.

In addition to carrying a large line of new and reclaimed burlap bags in the plant in this city, the work of making bags will soon be under way to the full capacity of the local plant, which is located on South Main street, and has capacity for employment of quite a number of persons.

In addition to reclaiming and making new bags here, the local branch will install a printing outfit for producing bags with any printing upon them that is desired—a thing which has never been done in this part of Ohio before.

It is expected that within a short time the industry will become one of the largest ones of the city, as the field is a large one and the combination with the Knickerbocker Bag Company a move that insures full and rapid development of the industry. The concern is incorporated with a capitalization of \$250,000.

A large line of burlap and paper bags will be carried by the concern, and the trade will be cared for in several states in addition to Ohio.

NEW CRISIS HAS ARISEN AT PEACE MEET IN PARIS

Break With Italy One of the
Possibilities Which May
Come From Dispute

(By Associated Press)

Paris, April 20.—The council of four has notified Germany that the associated powers cannot receive representatives at Versailles who are merely messengers. The German government must appoint representatives with plenipotentiary powers.

The situation surrounding Italy's claims before the peace conference for rights along the Adriatic seaboard has reached an acute phase.

The council of four Sunday again listened to arguments by Premier Orlando and Foreign Minister Sonnino, who endeavored to straighten out the tangle, but their efforts seemingly went for naught, so far as a give-and-take method of settling the controversy is concerned.

President Wilson did not take part in the session of the council and it is asserted that Monday, when a further effort will be made to surmount the obstacles which are hindering an agreement, he likewise will be absent. The Italian delegates will depart for Rome Monday and wish to place before parliament the result of their work in Paris.

Italy, it is asserted, is still desirous of obtaining the entire Dalmatian coast and adjacent islands and also the city of Fiume, without sharing the territory with the Jugo-Slavs. The Italian army is declared to be behind the Italian premier in obtaining complete fulfillment of Italy's aspirations. The threat is said to have been held out in a dispatch to the premier from the heads of the Italian army that in case Italy's desires were not acquiesced with, Italy without reference to the conference, would occupy the regions to which she considers herself entitled.

Paris, April 21.—The Italian issue over the Adriatic has reached an acute stage, where a decision one way or the other cannot longer be deferred, and a decision either way is fraught with serious consequences.

Despite the Easter calm, which brought vast crowds to the churches and boulevards, the council of four continued its sessions at the "white house," beginning at 10 o'clock. The Italian premier, Victorio Orlando, and the Italian foreign minister, Baron Sonnino, were both present, and made it known that the opening of the Italian parliament on Wednesday has necessitated their leaving Paris Monday with definite knowledge of what is going to be done.

VICTORY DRIVE

NOW UNDER WAY

ALL OVER LAND

Many Districts Endeavoring to Raise Quota in Single Day

(By Associated Press)

Washington, April 21.—House-to-house canvassing methods are being employed by many communities in an effort to raise their quotas for the victory liberty loan on the opening day and to leave the remainder of the three weeks for piling up oversubscriptions. This method, developed to a highly perfected state by 100 or more cities and towns during the fourth loan campaign, has been adopted by many more loan organizations for the victory drive, and canvassing committees have been drilled and organized for the intensive effort.

Since oversubscriptions to the loan are to be rejected, there would be no special purpose in any community's exceeding its allotment, except that some may not reach their quotas.

Reports to the treasury today were uniformly to the effect that prospects for raising the huge loan of \$4,500,000,000 were bright and that preparations had been made to push the work to the utmost during the first week or 10 days. Many cities held loan demonstrations yesterday, although subscriptions were not received formally until today. By the middle or latter part of the week the treasury hopes to have the first definite reports on the volume of pledges. These reports, however, will run three or four days behind the actual progress made.

BAPTIST DRIVE

MAKING HEADWAY

Extraordinary gains in the ratio of contributions are shown in the reports of the first week of the Victory Campaign of the Baptist church by comparison with a similar period of a year ago. Based on these preliminary reports, not only the entire sum of money sought will be realized, but an over-subscription of large proportions is to be anticipated.

Last year, on the basis of \$1,000,000 in the country, Ohio's share was \$100,000, but the total paid in up to the close of the campaign was only slightly in excess of \$85,000. This year, on a basis of \$6,000,000 for the country, Ohio is raising \$300,000 in addition to \$125,000 previously provided for by special solicitation. Of the \$300,000, over \$60,000 had been reported at the close of the first week with two districts entirely unrepresented and several districts represented by a single church.

Viscount Ishii, Japanese Ambassador to the United States, is to return to Tokio "for a conference on various matters before the Japanese Government," according to a report from Washington. Official announcement of the Ambassador's proposed visit to his home country was issued by the Japanese Embassy. The announcement caused much comment in the capital following the report from Paris that the Japanese delegation had been instructed by their Government to withdraw if the Peace Conference persisted in the refusal to adopt a clause against racial discrimination.

DRY ENFORCEMENT

NOW UP TO PALMER

(By Associated Press)

Washington, April 21.—The department of justice is not averse to accepting the functions of enforcing the wartime prohibition measure when it goes into effect July 1, it was learned Sunday. Consequently it is expected a proposal that the enforcement be entrusted to this agency will be submitted to President Wilson on his return from Europe, and that he will be urged to take this action under authority of the Overman act, which permits him to transfer duties from one government department to another.

Discussion of where the power to enforce prohibition may be lodged was prompted here by the recent announcement of Internal Revenue Commissioner Roper that his bureau had not the force to police the nation adequately with respect to prohibition violations after July 1. Attorney General Palmer has not stated officially that he will welcome the additional duties of enforcing prohibition, but it is said that his advisers in the department of justice have told him the cessation of war work has left a number of secret agents available for some other kind of work, and that they could be put on the liquor enforcement.

Whether the president has indicated any definite intention of giving the work to the department of justice could not be learned here. Indications were that he would not take action until his return from Europe.

TANK OPERATOR

TO TELL STORY

At the Good Hope Victory Loan meeting, Tuesday night, tank driver Robert Lanum, of this city, who recently returned from France and who knows how it goes to have a tank shot to pieces about him, will speak on "Tanks—Their Appetites and Habits" and as the tanks had an enormous appetite for Huns and had habits that are decidedly out of the ordinary, his story promises to be one of particular interest.

Mr. W. F. Morgan also will speak at the Good Hope meeting, and these two speakers, together with the large number of returned soldiers, glee clubs and other attractions will pack Wayne Hall to capacity Tuesday night.
